

CALL FOR PAPERS

International Journal for Research on Extended Education(IJREE)

The International Journal for Research on Extended Education(IJREE) aims to establish global recognition and enhance the scholarly standing of the extended education research field. The journal is published by a group of internationally renowned educational researchers and is funded by the German Research Foundation (DFG). To ensure a high scientific standard it is subject to a rigorous peer review process and targets primarily the scientific community in this field. Theoretical papers, basic empirical research and applied research aimed at addressing practical and policy issues from researchers from the widest range of disciplines including psychology, education, sociology, political science and education economics are welcome.
